<!-- About Section -->
<section id="about" class="about">
    <div class="about-text">
        <h1 class="my-heading">About Me</h1>
        <p class="lead-para">
            hello! my self Pradeep Yadav
            an undergraduate student of
            B.Sc. 3rd year session (2023-2024).
            My father's name is shri Udaybhan Yadav
            (a farmer) and my mother's name is
            shri mati Lalsa devi (a housewife).
            I have a brother and also a sister.
            My goal of my future life is to become
            a software engineer. My some hobbies is like
            that to read books playing online/offline
            games with my family.
            This is my 3rd project in my career.
            My 1st project is that to make a form for
            any survey of India and 2nd project is a cube-dice
            with some images like home, about and skill etc.

        </p>
        <p>
            When I was in 10th class in my school then once time my
            teacher tell us about computer science and its technologies that

```

```

        how did computer changes our life and so on.
        Then I decided to become a computer science engineer to make
        more features for helping human beings.
    </p>
